- Proficiency in one official language (English/French) is essential. Bilingual (English and French) is an asset.

Education and Experience:

- High school diploma or equivalent.
- Valid Industrial mechanic, Millwright or gas fitting certification is mandatory.
- Minimum 5-7 years of Industrial Mechanic experience in a manufacturing environment.
- HVAC experience is an asset.

Skills and Ability:

- Assess, troubleshoot, disassemble, repair, assemble, adjust and install production and building machinery and industrial equipment or components.
- Install/modify general piping/plumbing and components.
- Properly plan for operational activities and materials required.
- Interpret manufacturer's recommendations and specifications.
- Calibrate controls for systems and equipment.
- Update preventive maintenance records and enter information on the computer system.
- Communicate clearly and with tact, and prepare accurate reports on activities.
- Install, operate, maintain and repair mechanical machinery and equipment.
- Possess proven welding and mechanical skills.
- Able to innovate solutions outside of original equipment manufacturing standards.
- Computer and literacy skills are essential.
- Possess strong initiative, judgment, reliability, and high level of integrity.
- Able to motivate and maintain a positive engaging work environment.
- Excellent attention to detail and strong willingness to learn.
- Bilingualism preferred

Knowledge:

- Very good knowledge of the appropriate personal protective equipment and health and safety principals, such as lock out/tag out activities and programs.
- Troubleshoot and execute repairs on pumps, fans, furnaces, burners and compressors.
- Experienced with the use of machinery including, but not limited to, lathes, drill-presses, milling machines, welding machines.
- Repair and maintain hydraulic and pneumatic components/systems.
- Properly read drawings/blue prints.
- Perform routine mechanical maintenance using a preventive maintenance schedule.

Why the Mint?

At the Mint, you will collaborate with a diverse group of people and be a part of an iconic Canadian organization. Your safety and wellbeing are our top priority. We offer outstanding pay and total rewards for you and your family and you will be supported to continuously learn throughout your career.

The Mint is committed to building a team that represents a variety of backgrounds, perspectives, and skills. We value diversity and aim to provide an inclusive, barrier-free recruitment, selection and onboarding process to ensure that each candidate is treated respectfully. In accordance with the Employment Equity Act, you are invited to voluntarily self-identify with one or more of the four employment equity groups (women, Indigenous Peoples, persons with disabilities and members of visible minorities) by sending your application to the confidential email, ee@mint.ca that is accessed only by the Human Resources section.

If you need accommodation at any point in the application or interview process, please let us know. We are committed to being an inclusive employer. For a confidential inquiry, simply email us directly at EE@mint.ca to make arrangements.

What to Expect:

In order to be considered for an interview, please clearly demonstrate on your application how you meet the language, education and experience qualifications. The additional qualifications may be assessed through interviews, exams, reference checks, etc.

Selected candidates will be required to complete a background check facilitated by the Mint in order to obtain a security clearance.
