This order fulfillment role requires someone who is **comfortable reading and accurately identifying product information and solving problems independently.**

The role will also involve **working in and out of fridge/freezer areas**, so the individual must be comfortable working in colder conditions.

As this is a meat-focused environment, they should also be comfortable with **the smell of meat and working around meat products.**

BEFORE Applying, ask yourself these questions:

- 1. Do the shifts work with my schedule?**
- 2. Am I able to work in the fridge/freezer environment?**
- 3. Are you comfortable working with and with the smell of various meats?**

If you can answer yes to those 3 questions, please apply on the [job board](#) today!
